

Discover the duet Repair Gel and Thermo Active and enjoy the effects!

SLIM
FORMULA

REPAIR GEL

A collagen gel with remedial, revitalizing and nutritional properties. It contains a highly concentrated complex of Biopeptide Complex fish collagen peptides and collagen. This is a suspended „collagen bomb”, which carrier is NUTRIVI hexagonal water. Enriched with vitamin C, lactic acid and biotin.

How does it work?

- **firms** – the gel leaves on the body a collagen coating tightening the skin
- **rejuvenates, reduces stretch marks and uneven skin** – it stimulates the skin to regenerate and create its own collagen and elastin
- **moisturizes** – peptides and NUTRIVI water have a moisturizing action from the inside, by creating a collagen net on the surface of the skin, preventing transdermal water loss
- **brightens** – vitamin C together with fish collagen peptides brighten discolorations and even out skin tone

How to use?

During the day, as an invisible, tensioning „stocking”

At night, as a nourishing and restorative compress – preferably after the application of peeling or other form of exfoliation

THERMO ACTIVE

A revolutionary preparation in spray form. In addition to Biopeptide Complex it contains Lipout™, an active ingredient derived from marine algae, which due to its proven efficacy can be an alternative to invasive treatment reducing excess accumulated fat.

How does it work?

- **activates the fat burning process** in subcutaneous adipose tissue, reduces its excess and improves the shape of your figure
- **reduces bothersome cellulite**, visibly evens the skin's surface
- **perfectly moisturises** and elasticizes the skin of the body

Lipout™ – a pure form of single-cell algae extract (*tisochrysis lutea*) with a unified content of xanthophylls and a rich quantity of polyunsaturated fatty acids.
Able to transform fatty tissues storing fat into tissues actively burning fat. Displays actions firming and elasticizing the skin.

How to use?

Regularly!
1- 2 times a day with vigorous movements rub into the skin of the thighs, buttocks, abdomen or arms

Before workouts:
great results due to additional raised body temperature

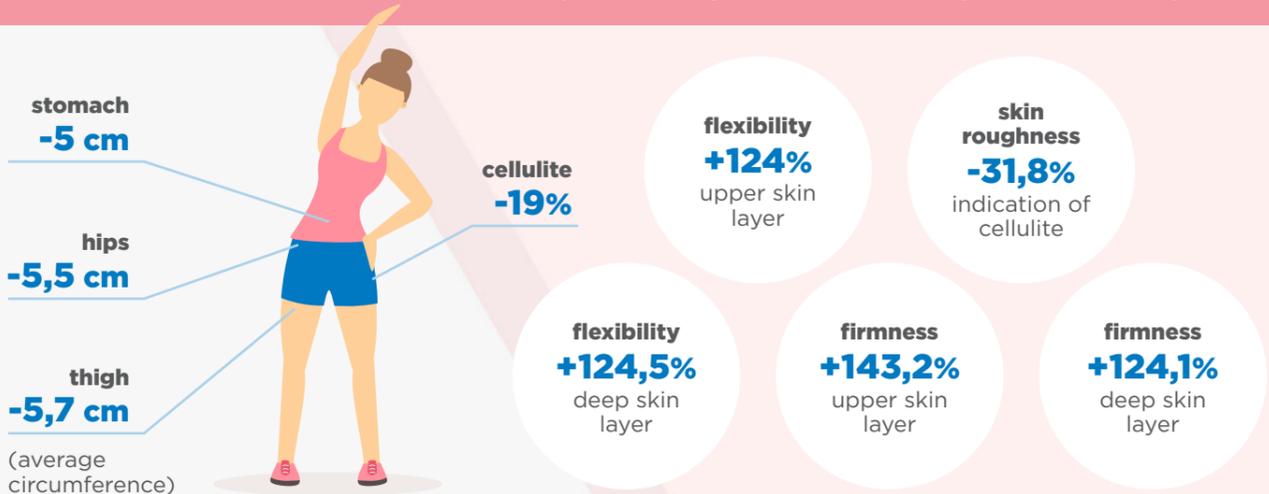

As part of a home slimming treatment:
vigorously rub Thermo Active into skin cleaned with peeling, then wrap the treated part of the body with food wrap stretch film and leave warm for 20 minutes. After removing the wrap you can rub in the moisturizing and firming skin conditioner Perfect Body.

The effect is already noticeable after 28 days of systematic use!

The effectiveness of the preparation has been confirmed by in vitro and in vivo studies on a group of 61 women and men between 18 and 60 years old. **Systematic use of Lipout™ for 56 days:**

The duet **Repair Gel** and **Thermo Active Body Spray** can be used alternately: depending on the needs and preferences – e.g. gel in the morning, spray in the evening or before a workout. **Enjoy the effects!**
